# SLU POLL SAINT LOUIS UNIVERSITY | YouGov 

# August 2022 Saint Louis University/YouGov Poll Results 

Dr. Steven Rogers<br>SLU/YouGov Poll<br>Director<br>steven.rogers@slu.edu

Dr. Kenneth Warren<br>SLU/YouGov Poll<br>Associate Director<br>kenneth.warren@slu.edu

Dr. Evan Rhinesmith<br>SLU/YouGov Poll<br>Associate Director<br>evan.rhinesmith@slu.edu

Saint Louis University and YouGov surveyed 900 likely Missouri voters from August 8 to August 16 about the Missouri U.S. Senate race, current political issues, abortion policy, and education policy in Missouri. The following pages present results for most survey questions. The margin of error for survey results for the full sample is $3.75 \%$. Margins of error for questions asked to subsamples are listed below. Original data and analyses from the SLU Poll Directors are available at http://www.slu.edu/poll.

## Funding and Support

The Saint Louis University PRiME Center provided the majority of funding for the SLU/YouGov Poll. The origins of the SLU/YouGov Poll lie in an internal Big Ideas competition to define university-wide strategic research priorities sponsored by the Saint Louis University Research Institute. The Big Ideas competition provides funding to research initiatives that demonstrate broad faculty engagement, strong leadership and compelling research plans.

## Methodology and Weighting

YouGov interviewed 1228 respondents who were then matched down to a sample of 900 to produce the final dataset. The respondents were matched to a sampling frame on gender, age, race, and education. The frame was constructed by stratified sampling from the full 2019 American Community Survey (ACS) 1-year sample with selection within strata by weighted sampling with replacements (using the person weights on the public use file).

The matched cases were weighted to the sampling frame using propensity scores. The matched cases and the frame were combined and a logistic regression was estimated for inclusion in the frame. The propensity score function included age, gender, race/ethnicity, years of education, and region. The propensity scores were grouped into deciles of the estimated propensity score in the frame and post stratified according to these deciles.

The weights were then post-stratified on 2016 and 2020 Presidential vote choice, and a four-way stratification of gender, age (4-categories), race (4-categories), and education (4-categories), to produce the final weight.

## Poll Questions and Page Numbers for Results

Do you approve or disapprove of the way each is doing their job...Joe Biden? . . . . . . . 4
Do you approve or disapprove of the way each is doing their job...The US Congress? . . . . 5
Do you approve or disapprove of the way each is doing their job...The US Supreme Court? . 6
Do you approve or disapprove of the way each is doing their job...The Missouri State Legis-
lature? . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 7
Do you approve or disapprove of the way each is doing their job...Governor Mike Parson? . 8
Do you approve or disapprove of the way each is doing their job...Senator Roy Blunt? . . . 9
Do you approve or disapprove of the way each is doing their job...Senator Josh Hawley? . . 10
If the election for U.S. Senator in Missouri were being held today, who would you vote for? . 11
Recently, Independent candidate John Wood filed signatures seeking to qualify to be on the
ballot for U.S. Senator in Missouri. Now adding John Wood to the list of candidates
for U.S. Senator in Missouri, who would you vote for? . . . . . . . . . . . . . . . 12
Which of the following do you think should be the TOP priority of the Missouri state gov-
ernment? . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 13
How would you rate the following...The Economy in the United States? . . . . . . . . . . . 14
How would you rate the following...The Economy in the State of Missouri? . . . . . . . . . 15

## SLU POLLL

Recently, Governor Mike Parson signed into law a bill that provides grants for one year to assist school districts in raising minimum starting teacher salaries from $\$ 25,000$ to $\$ 38,000$. The state program funds $70 \%$ of the cost of the raise, with the remaining $30 \%$ paid for by local districts. Would you support a law that made this state assistance permanent?

## 

Amid the COVID-19 pandemic, schools have been provided federal funding to provide free meals to all public school students. Previously, free meals were provided only to low-income students. Which approach do you support?
