

## Top Line Results for February 2024 SLU/YouGov Poll

Steven Rogers SLU/YouGov Poll Director steven.rogers@slu.edu	Kenneth Warren SLU/YouGov Poll Associate Director kenneth.warren@slu.edu	Ashley Burle SLU/YouGov Poll Associate Director ashley.burle@slu.edu	Gary Ritter SLU/YouGov Poll Executive Sponsor gary.ritter@slu.edu
---	---	---	--

Saint Louis University and YouGov surveyed 900 likely Missouri voters from February 14 to February 26 about current political issues and education policy in Missouri. The following pages present results for most survey questions. The margin of error for survey results for the full sample is 3.74%. Margins of error for questions asked to subsamples are listed below where available. Original data and analyses from the SLU Poll Directors are available at <http://www.slu.edu/poll>.

### **Funding and Support**

The February 2024 SLU/YouGov Poll was funded by the PRiME Center, an independent research center housed in the SLU's School of Education.

### **About Saint Louis University**

Founded in 1818, Saint Louis University is one of the nation's oldest and most prestigious Catholic institutions. Rooted in Jesuit values and its pioneering history as the first university west of the Mississippi River, SLU offers more than 13,500 students a rigorous, transformative education of the whole person. At the core of the University's diverse community of scholars is SLU's service-focused mission, which challenges and prepares students to make the world a better, more just place.

### **Methodology and Weighting**

YouGov interviewed 1135 Missouri (MO) registered voters, with the goal of screening for and surveying Missouri likely voters. The Missouri registered voters were then matched down to a sample of 1018, yielding a target subsample of 900 likely voters including 450 from each treatment group. The respondents were matched to a sampling frame on gender, age, race, education and treatment group. The sampling frame is a politically representative "modeled frame" of US adults, based upon the American Community Survey (ACS) public use microdata file, public voter file records, the 2020 Current Population Survey (CPS) Voting and Registration supplements, the 2020 National

Election Pool (NEP) exit poll, and the 2020 CES surveys, including demographics and 2020 presidential vote.

The sample of all starts was matched from 1018 respondents to 900 completes, yielding a target subsample of 900 MO likely voters. The respondents were matched to a sampling frame on gender, age, race, and education. The sampling frame is a politically representative “modeled frame” of US adults, which was then subsetted to only include MO likely voters. It is based upon the American Community Survey (ACS) public use microdata file, public voter file records, the 2020 Current Population Survey (CPS) Voting and Registration supplements, the 2020 National Election Pool (NEP) exit poll, and the 2020 CES surveys, including demographics and 2020 presidential vote.

The matched cases were weighted to the sampling frame using propensity scores. The matched cases and the frame were combined, and a logistic regression was estimated for inclusion in the frame. The propensity score function included age, gender, race/ethnicity, years of education, and 2020 presidential vote. The propensity scores were grouped into deciles of the estimated propensity score in the frame and poststratified according to these deciles.

The weights were then post-stratified on 2020 presidential vote choice as well as a four-way stratification of gender, age (4-categories), race (3-categories), and education (4-categories). The weighted dataset of registered MO voters was then subsetted on likely MO voters, and the weights were trimmed and recentered around 1, to produce the final weights for likely Missouri voters.

POLS001

**Do you approve or disapprove of the way each is doing their job...President Joe Biden?**

- Strongly approve: 14%
- Approve: 23%

- Agree: 56%
- Disagree: 28%
- Not sure: 16%

*Subsample Question: The sample size for this question is 450; the margin of error is +/- 5.33%.*

EDU007b

Do you agree or disagree that this funding formula should do the following...Base school district funding on attendance more than enrollment?

- Agree: 43%
- Disagree: 37%
- Not sure: 20%

*Subsample Question: The sample size for this question is 450; the margin of error is +/- 5.25%.*

Do you agree or disagree that this funding formula should do the following...Base school district funding on enrollment more than attendance?

*Combine responses of previous two listed questions: EDU007a and EDU007b*

- Agree: 47%
- Disagree: 36%
- Not sure: 18%

EDU008

Do you agree or disagree that this funding formula should do the following...Provide more funds for each student who receives free and reduced-priced lunch?

- Agree: 63%
- Disagree: 22%
- Not sure: 15%

EDU009

Do you agree or disagree that this funding formula should do the following...Provide more funds for each student with special education needs?

- Agree: 81%
- Disagree: 9%
- Not sure: 10%

EDU010

Do you agree or disagree that this funding formula should do the following...Provide more funds for each student who is learning English as a non-native language?

- Agree: 44%
- Disagree: 38%
- Not sure: 17%

EDU011:

Should the school funding formula use 2004 property values or more recent property values (such as those within the last 5 years) when making these estimates?

- The formula should use 2004 property values: 18%
- The formula should use more recent property values: 62%
- Not sure: 20%

EDU012

Do you support or oppose the following policies...Allow students to enroll in public schools outside of the school district where they live?

- Strongly support: 21%
- Support: 38%
- Oppose: 20%
- Strongly oppose: 10%
- Not sure: 11%

EDU013

Do you support or oppose the following policies...Allow students to enroll in public schools, excluding charter schools, outside of the school district where they live?

- Strongly support: 11%
- Support: 34%
- Oppose: 25%
- Strongly oppose: 12%
- Not sure: 18%

EDU014

Do you support or oppose the following policies...Allow students enrolled in a district's schools to remain in that district's schools for the complete school year, even if they move out of the district during the school year?

- Strongly support: 31%
- Support: 46%
- Oppose: 10%
- Strongly oppose: 4%
- Not sure: 9%

EDU015

Do you support or oppose the following policies...Allow students enrolled in a district's schools to remain in that district's schools until they graduate high school, even if they move out of the district?

- Strongly support: 20%
- Support: 35%
- Oppose: 25%
- Strongly oppose: 7%
- Not sure: 14%

EDU016

If Missouri allows students to enroll in public schools outside their residential school districts (that is, the district where they live), indicate whether you support or oppose the following...School districts may limit the number of students who transfer out of their district?

- Strongly support: 7%
- Support: 23%
- Oppose: 33%
- Strongly oppose: 17%
- Not sure: 20%

EDU017

If Missouri allows students to enroll in public schools outside their residential school districts (that is, the district where they live), indicate whether you support or oppose the following...School districts may opt out of having students transfer into their districts?
